

International Conference

Chemical Constellation Cheminar (C³) – 2026

Next Generation Materials for Energy and Environment

(Hybrid Mode)

April 03-04, 2026

Organized by

Department of Chemistry

Dr B R Ambedkar National Institute of Technology Jalandhar, Punjab, India

About Conference

The aim of the conference C³-2026 is to create a platform for the faculty, researchers, students and industrial experts for exchanging the latest research advancements in materials and interdisciplinary areas towards the sustainable technological development.

During the conference, the participants will have an opportunity to interact with the researchers from the various parts of the world. Participants will also have the opportunities to establish the research collaborations with the industries and academia through different interactive sessions.

Over the course of two days, participants and experts will present their latest findings and the future perspectives in development of materials for applications in environment, healthcare, energy, electronics, sensors, textiles, defence, and other related areas.

About NIT Jalandhar

Dr. B. R. Ambedkar National Institute of Technology Jalandhar (NIT Jalandhar) is among the foremost Institutes of National Importance in India, well renowned for teaching and research. It was established in the year 1987 as Regional Engineering College and attained the status of National Institute of Technology on October 17, 2002. As the Institute of National Importance, the Institute owns a responsibility of providing high quality education in Science, Engineering, Technology and Humanities & Management to produce competent technical and intellectual manpower. The Institute offers UG (B. Tech.) programme in twelve disciplines of Engineering and Technology, a B.Sc. B.Ed. programme along with the PG (M.Sc., M. Tech., MBA) and Ph. D. programmes. The Institute has signed Memorandum of Understanding (MoU) with prestigious institutions worldwide for the mutual student and faculty exchange programs towards strengthening the academic and research activities. The Institute has earned prestigious rankings at national as well as global platforms.
